

A good experience besides
the school training which will
always be a help. Mr W
ranks very high as a Photographer
& it means a lot to say you a
student in his school. You
probably have my other letter by
this time & I hope you haven't
worried about the mumps. They are
all over & done for & I feel as good
as ever. I think it was lucky
they came on both sides at once don't you?
D & I are going to the Band-Box for
dinner tonight. It's a tiny little place
on Amsterdam Ave.

Love as always
Mildred

Dear Carrie

Monday Eve.

Got & answered your telegram
about 1 hr ago and I am
sorry you were worried. I was
awfully miserable with the
aforementioned mumps and just did
not realize how many days I let
slip by and of course I wanted to be
able to say I felt fine when I did write.
If anything serious ever did happen
to me you'd be notified at once as you
never need worry again and besides
I'm not worth it. I never felt so
much like I'd committed murder in my
life as when I read it. I am entirely
well now was at school all day
to-day. I had an awfully nice doctor

who told me what to do he only chg me
\$3.00 so I felt lucky. D.O. & Miss B.
were awfully good to me & all. I did was lie
in the apt. I slept a lot so the time
passed quickly. I was on the point of
sending a note letter for Mother's day but
decided you'd appreciate a regular letter
more & it wouldn't be so expensive. It is
raining here now & has been bad for
the last 5 or 6 days. I made 3 prints
to-day for a book the students are giving
Mr. W. We are to mount them up as
nice as possible & fit them in ~~a book~~ it
I have two portraits and a snow scene.

all made up in Palladium which is a
very fine paper different & better than
regular artura paper it costs \$1.75 per doz
in 5x7 size so I am very careful about how
I use it I will send you a print so you can see
what it's like someday. Mr. W. uses it in
his work entirely. I sure am having a nice
time in this apt. We do most of our own
cooking & I don't have room rent and that
is the thing that pleases me most. I haven't
cashed your draft yet but am going to tomorrow
I surely appreciate you sending it to me. I
wish I could be home when I & M. are
but I will be someday. I am getting lots

From Carves
3rd daughter, Mildred
who left home at 17 to move
to N.Y. + Photography school
